

INSTRUCTION SHEET
DUAL SENSOR CONTROL KIT 9004506

REQUIRED ABILITY

The installation of this kit requires the ability equivalent to that of a licensed tradesman in the field involved.

⚠ DANGER
**Turn off power supply before
servicing any electrical components.**

INSTRUCTIONS

Kit number 9004506, Dual Sensor Control, is being supplied with a mounting bracket as some units were furnished with two separate controls and/or may not have a mounting bracket.

If your unit already has the bracket, this bracket can be discarded.

If your unit does not have the bracket, refer to the diagram below for proper installation.
